

ShopIt: grocery shopping list without typing.

Create your shopping list in a minute with a gesture-based ShopIt app. With ShopIt you are just a few swipes away from your daily shopping list. Cute simple icons will let you recognize products without even reading their names.

FEATURES

1. Add an item to your shopping list with a swipe.
2. Mark products as purchased with a swipe.
3. Edit or delete any existing product into the product list.
4. Add your own products.
5. Use convenient sorting options: alphabetical, by categories or by usage frequency.
6. 6 bright color themes for your joy.
